

Dear member of Congress,

In the coming year, please remember families in the United States who are unable to be together because of our broken immigration system. As a person of faith, I believe that in response to God's love in Christ, we must keep families united and ensure fair and humane treatment of all immigrants.

I therefore urge you to support immigration reform that would provide permanency to millions of mixed-status families, allow parents to be with their children as they navigate the immigration system, and reduce visa wait times which keep families separated for years or even decades.

Thank you for your service to our country and your concern for *all* of America's families.

Sincerely,
